

Strojírenský zkušební ústav, s. p. (Engineering Test Institute, Public Enterprise), Authorized Body 202 Hudcova 56b, Brno, Czech Republic Authorisation Decision No. 27/2006 dated 2006-08-29

PRODUCT CERTIFICATE

No.: AO 202/C5/2009/reg. No.: B-30-00164-05-rev. 3

In compliance with the provisions of Art. 5, Par. 2 of Government Regulation 163/2002 Coll., laying down technical requirements for selected construction products, as amended, the Authorized Body hereby confirms that for the following construction products:

METALIA Mixer Taps - type 55, 57

Type designation: Versions: see pages 2 to 4 see pages 2 to 4

Vorolono.

Manufacturer:

NOVASERVIS a.s.

Merhautova 208, 613 00 Brno, Czech Republic

Czech Republic

Company ID No .:

27703185

the Authorized Body reviewed the background materials submitted by the manufacturer, conducted the initial product type testing on the sample, assessed the production control system, and ascertained that the products specified above fulfil the essential requirements of Government Regulation 163/2002 Coll., as amended. When assessing conformity, the authorised body used the following normative document:

ČSN EN 817:1999 and Regulation of Ministry of Health No. 409/2005 Coll.

The Authorized Body ascertained that the production control system complies with the corresponding technical documentation pursuant to Art. 5, Par. 1, Letter d), and ensures that the marketed products fulfil the requirements specified by the standard and technical regulations mentioned above and correspond with the technical documentation pursuant to Art. 4, Par. 3.

An integral part of the present Certificate is Final Report No. 30-5098 dated 2005-03-29, which contains the conclusions drawn from the inspections and verifications, as well as the test results and basic description necessary for the identification of the certified products, statements of the testing laboratory concerning the request to issue new certificate dated 2007-03-06 and 2007-12-12 and Report on Surveillance dated 2009-05-29.

The present Certificate remains valid for a period in which the requirements specified by the standard and technical regulations above, to which reference is made or the production conditions at the place of production or the production control system, remain substantially unchanged.

At least once every 12 months, the Authorized Body will check the due functioning of the production control system at the place of production, take product samples at the place of production, test the product samples and assess whether the product characteristics comply with the standard and technical regulations above, pursuant to the provisions of Art. 5, Par. 4 of the above-mentioned Government Regulation.
